

CEL-SPAN®

Purge 333C

Purging compound for PVC, ABS, SAN

Cel-Span® Purge 333C is a ready to use purging compound. The product contains a unique chemical additive system targeted for applications where clarity must be maintained and resin contaminations are critical. Cel-Span® Purge 333C will remove all debris and because of its polarity, will not stay inside the barrel forcing processors to purge out the purging agent, an activity typical of most purges.

Applications: Injection - Compounding - Extrusion - Blow Molding-Injection Molding

Toxicity and Safety:

Cel-Span® Purge 333C additives are listed on the TASCAs list. There are no adverse health effects from the use of Cel-Span® Purge 333C.

Cel-Span® Purge 333C is packaged in 55 lb. plastic bags or 1,100 lb. Gaylord boxes. We recommend this product be kept closed and stored in the original container, away from light, heat, and highly humid environments
